

DESPERADO

The Premier EAGLES Tribute

Desperado has become one of the best and most well known Eagles tributes in the United States!

They boast a line-up of five lead singers and multi-instrumentalists; which not only possess and rivals the musical talents of the actual Eagles, but have been used to play with members of the Hall of Fame band itself.

Founded in 2022 by lead singer, guitarist and keyboardist, Aaron Broering, Desperado tirelessly dedicates itself to the diligence of both the music of The Eagles and the beautiful imagery, mystique, and landscapes of vivid sentiment found in Eagles songs.

Desperado is a "Must Hear" for any Eagles fan and concert promoter. The band performs year-round in casinos, performing art centers, private and corporate events, fairs and outdoor concert festivals.
